From the first time I produced "Hello World" in the console of my first application, I knew I was hooked into software development world. But software development has never been "just a job or duty" for me, it's offered an engaging challenge to continually learn and improve my skills in creating high-quality software. What started with a simple "Hello World" has become a full-fledged passion that only gets more exciting as the years go by.

FRONT END	BACK END	TOOLS
<ul style="list-style-type: none"><li>• JavaScript/Typescript</li><li>• React/NextJS</li><li>• Redux/MobX</li><li>• SCSS/Tailwind/Material UI</li></ul>	<ul style="list-style-type: none"><li>• NodeJS/ExpressJS</li><li>• WebSocket/Socket.io</li><li>• GraphQL/SQL</li><li>• Firebase</li></ul>	<ul style="list-style-type: none"><li>• Git/GitHub/GitLab</li><li>• Figma</li><li>• Docker/CI/CD</li><li>• Webpack/Gulp</li></ul>

## RELEVANT WORK EXPERIENCE

### Front End Engineer – Noft Games , Remote

- Migrating the entire project from React to NextJS
- Implementing new features to code base : <https://noftgames.io/battles>
- Integrating others play to earn's API in to ours

### Front End Engineer – Oliver Agency , Remote

- Collaborating with designers to deliver more than 50 HTML5-banners and HTML5-Email per week.
- Building landing pages for products promotion et new products
- Maintaining company 's websites: <https://danissimo-club.ru/> and <https://prostokvashino.ru/>

### Front End Engineer – TextTree , Remote

- Writing large reusable React components with data from different APIs
- Debugging large component and Implementing new functionalities to existing components
- Bundling different reusable components to get different finished softwares like: <https://bible.texttree.org/>

## EXPERIENCE

### Language Trainer – Language World , Russia

- Teaching English and French as second Language
- Organising language-driven events (Meetup, English club, French club)
